I/We declare that the information provided herein is true and correct, and realize that any false information provided will result in cancellation of the application.

I/We also authorize Seabird Island Band to make enquiries necessary to process this application.

I/We understand that accommodation availability it subject to placement on a waiting list and that the band does not provide emergency shelter, nor can the Band accommodate "URGENT" referrals from other agencies.

Applications will be kept on file for 1 year, or until January 1. After one year, or January 1, the applicant must submit a new application in order to maintain his or her position on the master waiting list. A new application is required in order to keep the Band advised of changing circumstances of applicants. Submitting a new application does not mean that the applicant goes to the bottom of the list; the applicant stays in the same place on the master list (as long as they have resubmitted by the January 1 deadline).

1.      3 References are provided in this application      Yes      No
2.      I/We have read and understand the Housing Policy      Yes      No  
(please refer specifically to the criteria as laid out in the selection process)
