Fire Safety

Fire safety is not only the responsibility of Forest firefighters or residential firefighters. It is the responsibility of the whole country, province, community and each and every individual home and community member.

The province and communities need to keep debris, garbage and foliage under control; clear of roads and high traffic areas. Community Members need to do the same around their homes and yards in order to protect these areas. A fire is less likely to spread and easier for the firefighters to control and put out when we do not provide it with fuel. Dry, dead and overgrown foliage, long grass, dry leaves, garbage, debris and

unnecessary clutter should all be properly cared for and disposed of to keep your yard safe.

This rule holds true inside your homes as well. When you keep your homes clean inside then your home is safer!

This means we all need to work together. As a family, as a community, I urge you all to pull together and work to clean inside your homes, outside your homes, in your yards and in your community. Let's all do our part to keep our homes and community safe.

In 2019 we will celebrate 50 years of Seabird Festival!

Over the years we have also had; Slahal, 2 Pitch, Hockey, Festival Princesses, Traditional Canoe Races, Soccer Tournaments, Cultural Performers and more!

We would like to recognize volunteers and workers from past years.

We are interested in your ideas and will be looking for volunteers to make this celebration grand.

Please join us to celebrate May 25th & 26th 2019

Water Restrictions

**Water restrictions are in effect for Seabird Island!
What does this mean?**

Limited use of sprinklers and hoses:

-  • Limited to mornings 4 - 9 a.m. and evenings 7 - 9 p.m. for watering gardens & shrubs
-  • Sorry kids NO playing under sprinklers this year
-  • Vehicle Washing restricted to shut-off nozzle only (do not leave water running)

Pool Limitations:

-  • All pools must be ONE TIME FILL, TREATED POOLS only!
-  • All pools must be maintained and treated regularly by Community Members.
- Treatment includes; filters, pumps, chlorine, covered nightly.

This allows:

- Water to last longer
- Reduces bugs
- Reduces bacteria
- Keeps the pool clean and germ free

Using less water saves energy, saves money and conserves the supply from the groundwater. By conserving today, we reduce energy consumption and sustainably manage the precious resource Mother Earth has provided us.

Violations can be reported to Art Andrew 604-796-2177

Wildfire & Air Quality Update

The entire province of BC is on State of Emergency due to the Wildfires, they expect the State of Emergency to last 2 weeks. 3400 fire fighters and 200 Canadian forces are at work to keep our communities safe. Currently Seabird is in NO immediate danger from the nearby fire!

Due to the 560 fires in BC and fires down south there is an Air Quality Advisory throughout BC. This morning we are at a “level 5 – Moderate health risk”. However this risk number does climb during the day. By 4 p.m. yesterday it climbed to 10+ – very high health risk. “Level 7-10 is time to consider reduce or rescheduling strenuous activities outdoors”. “10+ Reschedule strenuous activities outdoors”.

Fine particulate matter, airborne solid or liquid droplets with a diameter of 2.5 micrometres or less can easily penetrate indoors because of its small size. As we are in the summer season with warm temperatures, it is also important to stay cool and hydrated. Indoor spaces with air conditioning may offer relief from both heat and air pollution. We recommend you use air conditioners and air purifiers cleaning the filters often to help reduce the poor air quality in your homes.

Persons with chronic underlying medical conditions should postpone strenuous exercise until the advisory is lifted. Exposure is particularly a concern for infants, the Elderly and those who have diabetes and lung or heart disease. Smoky air is harder for your lungs to get oxygen.

Common Symptoms include: eye irritation, runny nose, sore throat, mild cough, wheezy breathing and headaches.

Severe Symptoms include: shortness of breath, severe cough, dizziness, chest pain or heart palpitations.

Call HealthLink BC 811 for advice, talk to your health care provider or visit a walk-in clinic.

BE THE RIDE

Redirected to Chilliwack. Will NOT be coming to Seabird Island due to the wildfire.

The Ride to Conquer Cancer Presented by Wheaton Precious Metals benefiting BC Cancer Foundation turns 10 in 2018. The past decade has seen many cancer care breakthroughs and countless lives saved, which are successes that impact all British Columbians!

The ride has about 20 riders cycling about 100km each day, raising over \$2500 each. In 2009, the Ride to Conquer Cancer has raised over \$850,000 for the BC Cancer Foundation.

This year, the event is following a brand new route through the Fraser valley. We will be coming through Seabird Island on August 26, 2018 with full support from the Seabird Island Community School.
