COMMUNITY UPDATE

MARCH 1, 2024, PASSENGER TRAIN DIESEL SPILL

As promised, please see the following update:

TAP WATER NOW SAFE

- All 6 monitoring wells will continue to be tested
- No hydrocarbons have been found in the water to date
- Underground Water Flow from the area flows towards the southeast, away from residential areas
- Water sampling and testing will continue
- Remediation plans continue to be developed

For immediate concerns or questions, please contact Seabird Island's Emergency Preparedness Coordinator, Danika Snook @ (604) 202-0834

As more information becomes available, updates will be shared via the Seabird Island Facebook page.
