

Sq'ewqel Naturopathic Doctor Jeanne Paul

"I am semi-retired from a Family Medical Practice but make myself available as a Consultant and a Lecturer on various First Nations issues especially about Traditional medicine. I would be very happy to be invited into your community to harvest your local plants; teach your members how to make medicine from these plants from the point of view of melding the knowledge of Traditional and Technical knowledge accompanied with research."

Please call the Sq'ewqel Doctors Office at 604-796-2165 to schedule an appointment using the dates below if you would like to enroll in our Dr. Jeanne Paul Naturopathic Doctor's program.
