

Sq'éwqel Community Comfort Kits

Evacuations can be stressful and welcome (ESS) centres can be unfamiliar places. We are looking to collect ideas to incorporate cultural and traditional practices by preparing Community Comfort Kits to help ease the uncertainty during the difficult transition times a natural disaster can pose. We are looking outside of the regular hygiene items and immediate needs – and are looking for help on incorporating any additional language or holistic approaches we can include.

You are invited to join us for a sharing circle to brainstorm ideas and a workshop to make materials for the comfort kits (e.g., smudge spray) – lunch and snacks will be provided both days and your name will be entered in a draw.
