

MARCIE PETERS

CANDIDATE FOR COUNCIL

Ey Swayel, my name is Marcia (Marcie) Peters, my traditional name is Siyolwelh.

I am deeply grateful for the opportunity to serve Seabird Island, a place I am proud to call home. For over 33 years, I have had the honour of serving on Council, learning from our community, and working to strengthen the well-being and future of our people. It has been, and continues to be, a privilege to represent Seabird and witness the growth and progress we have made as a community.

I carry with me my mother, Stella Garner, and my grandmother, Annie Garner, and I am thankful to Mom and Dad Pettis for their teachings and raising me with love and guidance. As a survivor of St. Mary's Residential School, I understand the importance of resilience, compassion, and the responsibility I have to support, protect, and empower our future generations.

Throughout my years of service, I have been fortunate to contribute in many areas; housing, infrastructure, lands, health, child and family services, and governance. I am grateful for the chance to advocate for housing, support capital projects, and work on initiatives that improve the quality of life for our community.

My hope has always been to guide sustainable growth while keeping our people, our culture, and our community at the center of every decision. I am especially thankful for the opportunity to work with our youth and families, supporting initiatives in education, well-being, and opportunity.

I believe that investing in our young people is essential in building a strong, self-determined future, and it brings me great joy to see them thrive. I strive to lead with humility, respect, and integrity, walking alongside others and offering my time, care,

and support freely, without judgment or hesitation.

Sharing what I have learned, gained through my experiences, mistakes and successes and guiding the next generation is something I am deeply grateful for.

My connection to our culture and teachings shapes everything I do. I am honoured to carry forward the stories, practices, and spirit of our ancestors, ensuring that the traditions and values of Seabird Island remain at the heart of leadership and community life.

I am humbled by the trust placed in me and grateful for the chance to serve, learn, and grow alongside my community. Every day, I am reminded of what it means to be Seabird Strong through the resilience, strength, and beauty of our people.

I am thankful to play a part in shaping a hopeful future for all generations to come.

Marcie Peters (Siyolwelh)
