

# OCTAVIOUS BILLY

CANDIDATE FOR COUNCIL

Hello, I feel before you can get to know me, you should know where I come from. My Grandma was Robin Mayers and Grandpa is Archie Mayers. My parents are Jenny-Lee Billy and Shane Billy.

I have lived on Seabird all my life, I started my learning at 15 when I joined the Housing committee. Later at 19 I started to help First Nations Health Authority & Fraser Health with Policy and Training Material in my spare time as I started my Daycare work.

I got the privilege to join leadership at health meetings both regionally and provincially, this gave me clarity on the type of leader I want to be. I want to be someone who you can approach with issues, I want to be someone who can help to the best of my ability, I want to give back to the community that gave me a chance to lead.

I started by coming back home to work at our daycare, I have spent the last 3 year in our Out of School Care program. Well, going to school for my Early Childhood Education certificate and I will soon have my Infant & toddler certificate. With my education in ECE and experience in housing, I am wanting to advocate for improvement in both departments.

I am Octavius Billy, and this is who I am.
