

FIRE BANRENEWED

Coastal Fire Centre

Tuesday, July 14, 2026

Effective, Thursday, July 16, 2026, there is a Category 1 Fire Ban, all burning activities will be prohibited throughout the Coastal Fire Centre's jurisdiction including campfires.

These prohibitions will be in place until BCWFS removes the restrictions.

DID YOU KNOW: Fire Fines in Coastal BC are **\$1150.⁰⁰** for each person sitting at the fire.

Ceremonial fires can be conducted, but consultation with the Band Office and the Seabird Fire Department should occur prior to starting, so we may provide an area assessment, extinguishers, and other fire safety measures, for the best fire safety protection.

Never leave a fire unattended, maintain a fuel break, have a fire extinguisher on hand.

All burning prohibitions issued by the BC Wildfire service take precedence. To stay up to date on current fire prohibitions we recommend following the [BC Wildfire Service](#) Facebook page.

Additional activities and use of equipment, materials and substances are also banned, such as fireworks, binary exploding targets and burn barrels.

For more details and a full list of prohibited activities, and restrictions please visit:
<https://www2.gov.bc.ca/gov/content/safety/wildfire-status/prevention/fire-bans-and-restrictions>

ADDITIONAL RESTRICTED ACTIVITIES AND EQUIPMENT:

The following activities and use of equipment, materials and substances are also prohibited throughout the Coastal Fire Centre:

- Fireworks; as defined in the Fireworks Act;
- Binary exploding targets;
- Sky Lanterns
- Wood fired hot tubs, wood fired pizza ovens and other wood fired devices unless vented through a structure that has a flue and is incorporated in a building;
- Burn barrels or burn cages of any size or description;
- Controlled air incinerators
- Air curtain burners; and
- Carbonizers.

Call 911 if a fire gets out of control!

This prohibition does not apply to:

Cooking stoves that use gas, propane, or briquettes
Portable campfire devices using
briquettes, liquid fuel, or gaseous fuel
(CSA/ULC approved)
